

## MAKE PINOCCHIO COME TO LIFE!

**Needed:**  
cardboard  
glue  
paper fasteners  
2 popsicle sticks or pencils

To make Pinocchio, glue this page to a piece of cardboard. (A file folder works well.) After the glue has dried, cut out the pieces and punch holes where indicated. Next, fasten Pinocchio's arms, legs and head to his body with paper fasteners. Thread strings through the holes in Pinocchio's hands and at the top of his head. Tie the other ends of the strings to a popsicle stick or a pencil. Adjust the length of the strings. Then thread strings through the holes in his feet and attach them to another popsicle stick. Wiggle the sticks to make Pinocchio move, then sing "When You Wish Upon A Star" with Jiminy Cricket and wait to see if the Blue Fairy will make your own dream come true.
